

# SUTHERLANDS PARK YOUTH SPACE

## CONCEPT DESIGN MASTERPLAN

**Shelter - 'The Canopy'**  
The shelter is an integral part of the space, providing the structure for elevated play frames, and viewing platforms. It provides a unique approach to youth recreation space, spanning the entire length of the Y.E.S, it provides all weather usability with in the spaces, it provides the structure for interactive lighting, power for events, shelter, shade and allows for flexible use of the space. The structure is to be fitted with solar panels, to power the buildings and electrical requirements of the site, while the roof structure can capture and harvest rain water that can be re-utilised on site.

**01 Urban Skate plaza**  
Built on the foundations of an urban plaza, the skate plaza provides split levels with varying height ledges, rails and banks as requested during the consultation process

**02 Skate Bowl**  
A 1200mm H skate bowl features extensions, spines, and hips to create a user-friendly bowl for all skill levels. This complements the skate provision throughout City of Gosnells, providing the only closed bowl in the municipality.

**03 Urban Social Play**  
Built on the foundations of urban fabric, faceted extrusions create a playful & social terrain to climb, sit and hangout. Elevated structures and partially accessible platforms provide an adventurous journey, and experience with viewing spaces looking over the youth precinct. The space features nets, slides, climbing walls, tunnels, and other playful elements.

**04 Access Point**  
Pedestrian priority access across the car park to the future reaction centre

**05 Social Swings**  
A social hang out zone that is playful. Providing social swings next to seating platforms so you can sit, swing, and hangout with friends.

**06 Multipurpose court**  
A combination of a 3/4 size court and colourful patterning deformalises the court, providing opportunities for a variety of social sports to be played, from basketball, futsal, volley ball, and down ball. The space includes a combination basketball ring, futsal goal, and semi-transparent rebound wall. Bleachers that are inspired by the forms of local geology, provide plenty of informal seating, as well as partially accessible elevated viewing opportunities across the Y.E.S and the open space of the cricket and AFL ovals.

**07 Building Forecourt**  
Open space provide flexibility activation and events

**08 Sutherland's Park Centre (SPC)**  
With 180(d) views and openings to the sports ovals, multisport court, and forecourt, the SPC provides amenities and flexibility for a variety of events and uses. It features a community space, change room facilities, accessible toilets, and other amenities.

**09 Sports Oval**  
Open space with provision for 1 x AFL field, 1 X Senior Cricket Pitch, 1 x Junior Cricket Pitch

**10 Access Paths and Planting**  
Raised planting bed and mounds adjacent to the path provide multiple informal seating and hangout spaces for people to enjoy. Local native plants will be used to ground and connect the new space with the existing remnant vegetation.

**11 Pump Track**  
A sealed undulating surface creates a fun terrain to ride a BMX, MTB or scooter. It includes a flow course and jump line.

**12 All Abilities Playground**
